Complete Drainage Solution

Drain Pipe Options

Solid Stretch Ag-Pipe

This solid drainpipe is perfect for diverting water from one point to another.

Available Sizes

100mm x 8m lengths
65mm x 7m lengths

Slotted Stretch Ag-Pipe Drain with sock

This slotted drainpipe has closely spaced slits to allow water ingress or dispersal. Polyester sock prevents clogging of the slits, to allow use in areas where soil or sand require filtration.

Available Sizes

100mm x 8m lengths
65mm x 7m lengths
