

## REINFORCED, CAPPED PVC COMPOSITE DECKING

**Capping material:**  
Engineered acrylic polymer

**Core material:**  
Foamed-PVC composite with  
glass fiber-reinforcement

**GFR** | GLASS FIBER  
REINFORCED

FSC certified composite product

Apex PLUS offers you a resilient and natural looking composite. Its foamed-PVC and glass fiber-reinforced core allows for increased span capability over Apex. Low-maintenance Apex PLUS is more stable with less expansion and contraction than its predecessor, and requires only basic cleaning for optimal longevity. Its protective cap is made from a resilient acrylic polymer coating, for long-term fade, scratch, and stain resistance. Apex PLUS also provides decay resistance against insects, moisture, and the elements. Apex PLUS is an eco-friendly alternative to timber that prevents deforestation and premature deck replacement and uses solar power within the manufacturing process.

## APEX PLUS COLOURS

HIMALAYAN CEDAR

ALASKAN DRIFTWOOD

BRAZILIAN TEAK

## APEX PLUS FAMILY OF PROFILES

140 x 24 mm

Grooved board

140 x 24 mm

Square edge board

190 x 24 mm

Grooved board

190 x 24 mm

Square edge board

## HULK FASTENERS™

**Grooved board fasteners**  
Compatible with Chain collated  
hidden clip and S-Series hidden  
clip systems

**Square edge board fasteners**  
Uses HULK composite top fixing  
screws on non-grooved edges
