

eva-last®

INSPIRED BY NATURE, DESIGNED FOR LIFE.

Apex® PLUS

BETTER PERFORMING, BETTER LOOKING COMPOSITE

INCREASED SPAN

Reinforcement improves strength & span capability

MORE STABLE

Less movement from expansion & contraction

NATURAL AESTHETIC

Advanced technology for more natural looking composite

SLIP RESISTANT

Reliable slip resistance properties

LOW-MAINTENANCE

Only basic care required for optimal longevity

PROTECTIVE CAP

Fade, scratch, & stain resistant capping technology

DECAY RESISTANT

Resists decay, insects, moisture, & weather

ECO-FRIENDLY

Long-lasting & prevents deforestation

REINFORCED, CAPPED PVC COMPOSITE DECKING

Capping material:
Engineered acrylic polymer

Core material:
Foamed-PVC composite with
glass fiber-reinforcement

GFR | GLASS FIBER
REINFORCED

FSC certified composite product

Apex PLUS offers you a resilient and natural looking composite. Its foamed-PVC and glass fiber-reinforced core allows for increased span capability over Apex. Low-maintenance Apex PLUS is more stable with less expansion and contraction than its predecessor, and requires only basic cleaning for optimal longevity. Its protective cap is made from a resilient acrylic polymer coating, for long-term fade, scratch, and stain resistance. Apex PLUS also provides decay resistance against insects, moisture, and the elements. Apex PLUS is an eco-friendly alternative to timber that prevents deforestation and premature deck replacement and uses solar power within the manufacturing process.

APEX PLUS COLOURS

HIMALAYAN CEDAR

ALASKAN DRIFTWOOD

BRAZILIAN TEAK

APEX PLUS FAMILY OF PROFILES

140 x 24 mm

Grooved board

140 x 24 mm

Square edge board
